

Keep Constable Gonzalez

Experience and Empathy in our Community

As a public servant of Pima County for over 11 years, Esther Gonzalez has maintained a distinguished career by having an impeccable record of the highest regard. Experienced in the difficulties of her job, she executes her duties with the upmost regard for every person she works with. In return, she earns the upmost respect from both tenants and landlords.

As the only Pima County Constable certified in Crisis Intervention, she is specially trained in communicating with citizens experiencing emotional distress, mental illness, and drug abuse. She is fully bilingual and one of only two females to serve as a Constable in all of Pima County. With her great amount of knowledge and experience, she has been valued as a lead educator for The City of Tucson Crime Free Housing Programs.

Understanding the needs of citizens overwhelmed by the housing crisis, she works hand in hand with eviction prevention navigators through Emergency Eviction Prevention Legal Services. Constable Gonzalez strives to educate herself and her peers in how to be the best advocate for everyone in our community.

Esther attended Grijalva Elementary School and graduated from Pueblo High School in 1996. Keeping close to her roots she has proudly sent her two boys to Pueblo and is an exceptionally active volunteer with the Pueblo Sports Booster Club. In her dedication for education in the conservation of the Sonoran Desert and its species, Constable Gonzalez has been a volunteer with the Arizona-Sonoran Desert Museum for over 20 years.

Esther Gonzalez is a priceless asset to her community and the Pima County Constable's Office. Re-Electing Constable Gonzalez for Justice Precinct 2 is keeping empathy and integrity in the Pima County Constable Office and the community.
