

Unlike many in the @azgop, Sanda, who grew up in a Communist country, understands what that means. She is running as a #Democrat in the new LD19.

Vote for someone who values democracy and walks the walk!

LD 19 AZ House Candidate Sanda Clark

"In a spirit of profound gratitude for all this country has given to me, with a determination to build a better, more sustainable, more inclusive Arizona for everyone, I am running to represent you in the AZ House, LD19. I am running because I am passionate to keep our Republic, to promote and restore civility and decency to our town square. We are better together!

I promise to call it as I see it, work to improve and preserve our freedoms, protect the planet, protect and improve our healthcare, support a good wage and education for our kids!"
